☞ **TAKE NOTICE.** ☜

E. & J. MOULTON & CO. request all those who are indebted to them by note or account, that for the future they intend to change their mode of doing business, by selling less credit and more for cash and barter, and being very desirous of settling up their affairs, they request all those who are indebted to call and pay the account without delay. To those who have not the money we would say, bring what you have to pay with, COUNTRY PRODUCE, LUMBER, or almost any kind of MERCHANDIZE will be received in payment. To those who have been unfortunate and are unable to pay we would say, come and see us, and if you can not pay all, pay what you can, and receive our thanks for the favor; but at all events be sure and call without delay, for we should much regret to be obliged to send an unwelcome visitor to enforce payment, in consequence of an unwillingness or want of effort on the part of the debtor to pay his debts.

Is noted for curing and has cured hundreds of cases of the swelling of the glands of the throat, relieves the stiffness and contraction of the limbs, and will take swellings down and in fact nothing short of the flesh equal to bruises and burns. It gives immediate relief, it strengthens weak limbs, and extends the cords when contracted. A few drops on sheep's wool applied to the feet of the sheep will, by constant application, cause them to heal in two months time.

Sold by the Druggists in Bangor and throughout the States. Address, COMSTOCK & CO. New York.

Health and Strength!

DR. S. O. RICHARDSON'S

SHERRY WINE BITTERS.

ARE the only sure remedy for Dyspepsia and Jaundice that has ever been discovered, and their general use for 32 years, with recommendations from the most eminent of the medical faculty, and editorial notices from the Boston Morning Post, Boston Daily Mail, Plymouth Memorial, Amoskeag Representative, Barnstable Patriot, Essex Banner, Haverhill Gazette, Lowell Patriot, Bunker Hill Aurora, Charlestown, Portsmouth Gazette, N. H., Dover Gazette, N. H., Northern Star, R. Island, [illegible] New York Evening Signal, &c., will assure the afflicted that they possess wonderful merit.

THEY GIVE LIFE, ELASTICITY AND VIGOR to the viscera, promote the peristaltic action, cleanse the stomach and bowels from unhealthy accumulations, and purify and enliven the blood in the most thorough and effectual manner.

They are the most certain remedy for all those prevalent diseases called Dyspepsia, Jaundice, Liver Complaints, Heartburn, Dizziness, Headache, Wandering or settled Pains, Sinking Faintness, Sour Stomach, Loss of Appetite, Weakness of the Limbs, Nervous Debility, Costiveness, Piles, and all diseases caused by an unhealthy state of the stomach and bowels.

They are the unrivalled and efficacious compound of a REGULAR PHYSICIAN and Graduate of the NEW HAMPSHIRE MEDICAL COLLEGE, who has had the study of Medicine for his profession.

Being compounded entirely of vegetables, they are of such a nature that they may be taken for any length of time by invalids of any age, without injuring the system or exposing it to take cold.

BEWARE OF PEDLARS.

The genuine article cannot be obtained of them on any pretence whatever.

I NEVER EMPLOY THEM, NOR ALLOW THEM TO SELL MY MEDICINES.

All Bitters put up in pints and small round bottles, purporting to be mine,

ARE BASE COUNTERFEITS.

As some are base enough to fill the empty bottles with their stuff, and thus deceive the unwary, and some have attempted to counterfeit my Bitters in papers.

BE CAREFUL OF WHOM YOU PURCHASE!

In consequence of these attempts at imposition, I have been at great expense in having new directions and wrappers, and in future the Bitters in papers will be done up in a different style. See that the envelope has on it my name in full, "entered according to act of Congress in the year 1840, by S. O. Richardson M. D., in the Clerk's Office of the District Court of Massachusetts," and on the other side, "Established at South Reading, County of Middlesex, Massachusetts." The border around the inside directions, (which are printed on white tissue paper,) is so curiously engraved that the words "Dr. S. O. Richardson's Sherry Wine Bitters" present themselves in a thousand different forms. As a [illegible] of the genuine article,

ALL INFRINGEMENTS WILL BE SEVERELY DEALT WITH according to law. The bottles are now ready to be issued in the same style.

All Bitters prepared by me have a fac simile of my signature on the outer envelope,

TO COUNTERFEIT WHICH IS FORGERY.

AS FOR VALUE HEALTH, BE CAREFUL!

Orders from Agents, merchants, traders, druggists, apothecaries and dealers in medicines, will be punctually attended to, and sent to any part of the country, safely packed in boxes.

A liberal discount will be allowed on the sale.

For sale, wholesale and retail, at the *Doctor's Office—15 Hancock Street, Boston*, and in most Towns throughout the New England States.

☞ Price 75 cts. per bottle—50 cts. per pint. ☜

THE HAIR! THE HAIR!!

NO better evidence is wanting to allow the superiority of the Genuine Buffalo Oil over other preparations, than that a number of Druggists are endeavoring to impose and foisting their mixtures upon the public for genuine. Read advertisement. Beware of Pedlars.

☞ Genuine Buffalo Oil is fast taking place of all other articles to promote the growth, soften and beautify the Hair, it does give it a softness that no other article does, and causes it to curl beautifully—by free use it will darken and give the hair a satin gloss, it nourishes per nature and gives perfect satisfaction to all who have given it a trial. You will observe the signature of the proprietor, William Brown, also Buffalo Oil, imprinted on the bottle. In consequence of a counterfeit which has recently appeared and is now for sale, I have been persuaded to obtain a new label engraved on copper, for which I have secured a copyright, entered according to act of Congress in the Clerk Office of the District Court of Massachusetts. Any infringement will be dealt with according to law. For sale by

THE ORIGINAL AND GENUINE BALSAM OF LIVERWORT, and the most popular remedy for Pulmonary Complaints. Price 50 cts. a bottle, the true original and genuine Balsam of Liverwort, that has now been in use in Boston, N. York and Philadelphia, for the past thirteen years. It is the most popular remedy now in extensive use for cure of Coughs, Colds, and all Pulmonary Complaints, Whooping Cough, Phthisic, Sour Stomach, Pain in the Side, and all Diseases of the Lungs, Liver Complaint, &c. For genuine call for Mrs. M. N. Gardner's Balsam of Liverwort, and observe the signature of the proprietor, WM. BROWN, Chemist, 481 Washington st., Boston, on the outside wrapper. As a further security against counterfeits, I have taken out a copyright of the outside direction, entered according to act of Congress in the Clerk's Office of the District of Massachusetts in the year 1840. Any infringement will be dealt with as the law directs. It is purely a vegetable compound, and is now recommended by many of our first physicians. See certificates accompanying directions. Its superiority over all other preparations is now fully established—it needs only a trial.

For sale wholesale in Boston by the Proprietor. Also, for sale in large quantities by all the Wholesale Druggists, retailed by all the Druggists in Boston, Salem, Worcester, Springfield, Hartford, New Haven, Providence, and Taunton.

TOOTHACHE! Toothache! The genuine Gall and Kreosote is a sovereign remedy for removing this troublesome pain. It has been in extensive use for the past four years and in no case has there been the least injurious effect from its use. Beware of the clear Kreosote that has been so much cried out against. Thousands can be referred to who have pronounced the Gall and Kreosote the best remedy ever invented. This article removes all smell from the breath when occasioned by defective teeth. Reference can be made to Boston, proving its efficacy, to John Putnam, M. L. Weems, J. A. Dill, N. Talman, George Melville & H. Stephens, Master of Transportation Cars, Worcester. Prepared by Wm. Brown, Chemist, 481 Washington st. None genuine unless signed by Wm. Brown. For sale by all the Druggists in Boston. Price 25 cents, large size 50 cts.

DR. SEARS' UNIVERSAL SANGUINARIAN—OR

BLOOD-ROOT PILLS.

THE pretence that any medicine is nearly as good as this, or "just as much so," or "that this or that is as bad as the worst," whatever their character is a flagrant imposition upon the public confidence, and a most wicked outrage upon the generous sympathy that soothing humanity justly demands of us. Yet the very frequency and boldness of these impious frauds is eminently cruel to the unfortunate, furnish sound ground for presenting the public a remedy that may be intelligently appreciated and relied upon. That powerful medicinal agent, the Blood Root, is the basis of the Universal Sanguinarian Pills, and all the materials are drawn from the Vegetable Kingdom, the grand source of support to animal existence. Put in the combination, the different ingredients are so blended and modified as to give the compound a remarkable advantage over the simples, and it is believed over all other medicines. When it is considered that nearly all diseases, chronic and acute, are connected with a disordered action of the stomach and bowels, and that in most instances this is superinduced by disorder of the Bile, or Gall, which is the natural physic of the system, and when it is farther considered that these Pills act with singular power upon these main organs, and through them upon the blood and entire physical economy, sober reason must justify the assertion, that this valuable discovery furnishes a remedy of rare efficiency in all curable cases of disease, and this deduction of reason is abundantly corroborated by experience. This medicine harmonizes with the laws of life, inspires and strengthens nature, and works its wonders by generously cheering her on in a triumphant conflict with the obtrusive agents of disease. It is offered for general use, and as a safe and most valuable family medicine. Safe, not because it does nothing, (like many contemptible nostrums of newspaper celebrity, which by occupying the place of efficient remedies, are often fatal) but safe, because it aids and co operates with nature, instead of setting her aside and violently attempting to perform her work by dangerous foreign agency.

PROSCRIPTION.

The opposition papers generally in the country are putting on rueful faces and shedding big tears at the loss of their accustomed allowance of public patronage. They weep too in mournful strains at every removal from office of those who agree with them in political sentiments. But who can sympathise with them when he reflects that of all men they have been the most clamorous in demanding the removal of men from office on account of their political sentiments? It was a cardinal doctrine with them, that to the victors belong the spoils; but they would now have us believe that they have abandoned this portion of their creed, when the fact is they are thirsting for an opportunity again to carry it into practice. Their present groans are occasioned solely by the loss of power which they have abused, and by the loss of corrupt gains.

For the purpose of showing to how small offices, nay, mere employments, they were willing to carry their then vaunted principles, we give the following resolves, passed at a meeting of the Van Buren Jackson ward committee of the city of New York, on Monday, April 30, 1840, and the next day published in the New Era and Evening Post.

Resolved, That a Committee of Three be appointed for the purpose of waiting upon his Honor the Mayor, with a respectful request that he will rescind the warrants of these Marshals at present holding the same who are not friendly to the present administration.

The following persons were appointed said Committee: Shivers Parker, John McMahon, John McGrath.

Resolved, That the said Committee be also directed to call on the Alderman, Assistant Alderman and Street Inspector of the Ward, requesting them not to employ any but citizens known to be friendly to the present Administration.

Resolved, That the said Committee be requested to wait on Mr. Gage, the Superintendent of Streets, with a similar request to employ none but citizens friendly to the present Administration, and discharge from his employ all those who are opposed to it.

SHIVERS PARKER, Chairman.

ANDREW CONNOLLY, JOHN MCMAHON, } Secretaries.

The foregoing is a mere specimen of the spirit and principles of locofocoism when its head was out of water and flourishing in strength throughout the Union. How well it comports with their present lugubrious strain let all judge.

This outcry is now raised, and the black print of a huge axe may be seen in one paper, and that of a guillotine in another, undoubtedly in the hope of exciting so much compassion as to stop further removals, intimidating the Executive from carrying out the expressed will of the people, for nothing in the last campaign was more distinctly marked than a determination to effect a change of men as well as measures. The men were thought corrupt and their measures ruinous. Late developements in the Custom House at New York, and in the Naval department of the United States; also in the Land and Treasury departments of our own State, are amply sufficient to prove that the demand of the people for a change is both reasonable and just.

We have no mawkish sensibility upon this subject. Our deep conviction is that the people demanded a change of officers for a sufficient reason, and will not rest satisfied until the change is effected. The complaints of the locofoco press is all a humbug, and they would take the earliest opportunity to prove it such on coming into power.

☞ Mr. Purkitt's temperance lecture, last evening, at Mr. Pomroy's Church, was well attended, the church being thronged in every part. The lecturer was listened to with the deepest interest and gave universal satisfaction. He discussed the whole matter of intemperance with reference to the physical and physiological laws of man's nature, showing that by strict temperance alone he can preserve undimmed the image of his God, by developing the powers of thought, design and will.

A collection was taken up in aid of the Washington Total Abstinence Society.

☞ The Phrenological lecture this evening at the City Hall, will be very attractive, the subject being the application of Phrenology to the formation of Marriages! Now that our citizens are getting waked up to the subject of physiology and phrenology, and the high satisfaction experienced in witnessing the test by a public examination of heads, it will be important to go early in order to secure a comfortable seat.

Converts to the science are made daily, and if any one is unwilling to know himself, his neighbors and acquaintance in spite of cunning and hypocrisy, he had better not go. A bad man can't ask his lady-love to attend the lecture this evening, but all others will of course.

☞ The whigs of York County have called a Convention to be holden at Alfred on Monday, the 5th of July, for the purpose of nominating candidates for Senators and county officers.

☞ The Captain and mate of the ship Charles which was taken in with by one of the New Orleans two boats, near the Balize, were some years the Portland Advertiser, of Mr. William Gould, of Portland. Two of the crew also belong to Maine, viz Albert Danforth and [illegible] The ship is owned in Bath. [illegible] for New Orleans in the 8th state that nothing had transpired to elucidate the mystery of the dark and bloody transaction.

A letter from England to the New York Herald, states that Mrs Powers, wife of the comedian, was on board the President, in quite insane.

☞ The villain Seal, alias Thompson, arrested in Canada as the accomplice of the great Boston burglar Williamson, escaped from custody at Concord, N. H., on Tuesday night by getting on to the roof of the piazza and descending the spout. He was in the room with Constable Clapp, who awoke several times during the night and found as he supposed that all was right. His prisoner appeared to be sleeping calmly, and the light was burning as it had been left. At length the clock struck three and Clapp awoke at the sound just as the landlord was coming up stairs to rouse him. He jumped up and went to Seal's bed and touched the sleeper, as he supposed, on the shoulder. It felt soft to the touch and he instantly threw off the bed clothes and found two pillows laid lengthwise in the bed. He sprang to the door as the landlord was just entering and found the lock all right; and, on further examination it appeared that Seal had loosened the window swing, sufficiently to allow him to open the sash and escape.

RE-CAPTURE OF SEAL. The Boston Post gives the following account of the re-capture of Seal, which we believe to be correct:

This adroit and daring rogue was arrested in Warner, N. H. on Wednesday, by Herrick, the driver of the New London stage. Seal, being bareheaded, went into a hatter's shop next to the Post Office, just at the moment that Herrick drove up with the mail. The instant he saw him Herrick walked up to him, and said "you are the man that ran away from Concord this morning, and you are my prisoner."

Seal was sitting down, trying on a hat, when he was unceremoniously saluted. He was lodged in Hopkinton jail on Wednesday. The intelligence of his capture was brought to the city last evening, by Mr Barratt, conductor of the Lowell train, and can be depended on. Clapp looked twenty years younger when he received the glad tidings.

☞ We learn from the Mercantile Journal, that Seale, the robber, was brought into Boston on Monday in custody of Constable Clapp, and safely lodged in Leverett street jail. He is a good looking man, of short stature, but muscular frame, about thirty years old.

The Journal states that Messrs. Davis, Palmer & Co, whose store was robbed by Seale and his accomplice Williamson, of such a large amount of jewelry, have recovered all their property; not a single article is missing.

THE PIRACY. The Collector, says the New Orleans Picayune, received a letter from the indefatigable Captain Taylor, yesterday, dated "Donaldson canal, June 6, 1841," from which we give the following extract:

"SIR- I write you from this to inform you that on the night of the 4th inst., we heard at the Balize of the horrid murder of the passengers on board of the ship Charles. We got the news at 10 P. M., and in half an hour we started with the Izard and Revenue boat, having on board 25 volunteers well armed.

"Since that time, I have cruized in the bay between Barataria and the Southwest Pass, and overhauled every Fisherman's camp and boat on the coast and about the mouths of the river. I have offered $500 reward for information, and, without my pirate captain's topsail schooner had done the deed, I am confident of finding and securing the murderers.

"On arriving at the southwest pass last night, Capt. Pierce, of the ship Henry, came on board of my boat, Izard, and demanded my aid on board the ship Alabama.

"I proceeded at once, and arrested two Irishmen and two Englishmen, and have them safe in my custody. One of the Englishmen is recognized by my people as a member of the robber gang in our city."

THE "FISCAL AGENT." The editor of the N. Y. Commercial, in connection with this subject says:

"We left the seat of Government yesterday, where, during a flying visit, we were not inactive observers. It is our opinion reluctantly formed that a character for such a bank as the great mass of the commercial and business men of the country must desire, cannot now be obtained. And in regard to the plan before us, although doubts are entertained by some as to the wisdom and practicability of some of its provisions, yet we do know that there are those among the ablest and clearest heads who believe that it will work well and answer every purpose."

Writing on Newspapers. Ogden Hoffman Esq. U. S. District Attorney of New York, has received from the Post Office Department a quantity of newspapers with their margins filled with writing. He is directed to proceed against the individual aggressors according to Post Office laws. Frauds to an enormous extent are practised in this way. Many individuals who send journals westward are accustomed to fill their margins with details of domestic affairs. A paper of this sort is mentioned which contained a *protestation of love* and all its nameless endearments in full. All this on the margin of a newspaper!

CONGRESS.

WASHINGTON, Tuesday June 15.

The House was again occupied nearly the whole day in a fruitless abolition squabble. Mr. Raynor of N. C. spoke for several hours, and walked into Mr. Adams without mercy. A great many members rose *not* to discuss the subject, and most of them, after whipping the cat round the stump, left him very nearly where they found him. Finally the question was tried on the original resolutions to adopt the rules of the last House, without exception, and lost, 106 to 110.

The House then adjourned or rather broke up in great agitation. So the House is without rules and likely to remain so, till a compromise can be made between the Southern and Northern Whigs. of course no business can be done, in this state of things, a compromise will, it is to be hoped, be effected.

Mr. Thomas Allen, of the Madisonian, was chosen printer to the Senate. The opposition Senators declined voting, on the ground that Blair & Rives had been chosen printers to the Senate.

The Senate then went into a discussion of the M'Leod case.

Mr. Clay gave it as his opinion that the administration had taken the proper course in this matter. Long before he saw Mr. Fox's letter, he had expressed the opinion that M'Leod was not amenable to the State authority, and we should hold his government responsible for an act which, in his opinion, was one of war.

Mr. Allen said he would resist this principle to the utmost, as anti-American, and hostile to the rights and dignity of the States.

[Correspondence of the Tribune.]

WASHINGTON, Wednesday, June 16.

In Senate, various petitions were received and refused, among which, were those praying for a General Bankrupt Law.

Mr. Benton attempted to call up for action a resolution, calling on the Secretary of the Treasury for information as to the state of public accounts since the 4th of March.

After some discussion it was again laid on the table, and Mr. Clay's resolution for printing 1,500 extra copies of the Secretary's Plan of the Fiscal Bank was taken up.

Mr. Woodbury spoke at some length, attacking the Secretary's Report and statements in regard to the finances. He contended that the Treasury was free from debt at the commencement of the present Administration, and that the financial management of the late Administration was just and promotive of the interests of the country.

He wished his resolution adopted, and that the state of the Treasury be laid open to the Senate as the foundation on which to transact the business of the Extra Session.

The Senate are much in advance of the House in business.

In the House, Mr. Stuart of Va. offered a resolution that the rules of the last House not suspended by any resolutions of this sessions, be adopted for the present session, and that the Select Committee appointed revise said Rules and have leave to report at any time.

The previous question was immediately moved, but under Parlimentary law debate on the propriety of the previous question being allowed, in this the whole day was consumed, and the discussion on the main question thus carried on by evasion of the rules. After a five hours debate the question was at length taken, and the resolution adopted. Yeas 119, Nays 103.

Thus the Rules (inclusive of the XXIst) of the last House were adopted, qualified, however by the Report of the Committee on Rules adopted Saturday, limiting for consideration at the present session the subjects especially referred to in the President's Message.

Mr. Stanly immediately moved a reconsideration of the vote, which was negatived. So the House now determine to adhere to its Rules.

It may be expected that the transaction of the important business of the country, alluded to in the Message, will demand the attention of the House, which, for seventeen days, has been occupied in the agitation of Slavery, to the accomplishment of no possible good. ANGUS.

☞ The editor of the New York Tribune in the following article gives the true cause of the obstruction to business in Congress.

"Why is it,' the reader at once exclaims, 'that this strange spectacle is presented? The House votes today to rescind the XXIst Rule; tomorrow reconsiders; failing to strike out, it votes to reconsider the Rules altogether: still it refuses to adopt the Rules either with or without the XXIst, and finally breaks up on the evening of its sixteenth day, with no Rules whatever, and after having in turn rejected every possible adjustment of the matter. How can these things be?'

The answer is at once positive and disgraceful to those whom it implicates: *A large portion of the Northern Loco Focos vote which ever way will contribute to prolong the anarchy and ill feeling which now reign, and obstruct the progress of the public business.* Disgraceful as this would seem, it is solemn truth. Signally defeated in the Elections and reduced to a decided minority in Congress, that party has still the power to throw the House into disorder and keep it there by playing upon the difference of opinion and feeling which exists between the North and the South upon the subject of the Inviolability of the Right of Petition. This power they exert to the utmost, scoffing at all appearance, even, of principle and consistency, voting now this way, then that, as shall best uphold the reign of Anarchy, and thus keeping the House in confusion and uproar.

So recklessly is this game played that on the last important vote on Tuesday evening there was first a clear majority in favor of adopting the Rules of the last Session, the XXIst excepted, when several Loco-Focos, alarmed that the reign of Mischief was thereby overthrown, rose and *changed their votes from the affirmative to the negative!* *Mr. James J. Roosevelt* of this city came in after the vote had been taken, asked and was granted leave to have his name recorded, and in direct defiance of his own former vote, *now voted in the negative!* In this manner the proposition was defeated, 110 to 100; and the House adjourned without organization! For such conduct what language or execration can be too strong?

In this dilemma there seems but one course to pursue, and our private advices lead us to hope that it was taken on Wednesday. The Whig Representatives of the Free States have done all that men can do to uphold the sacred Right of Petition. On every direct test they have shown a clear majority of the House in its favor. But the unscrupulous factiousness, infamous double-dealing and moral treason of the Northern Loco-Focos renders it certain that this Right must be temporarily waived or the House cannot be organized. We trust therefore, that [illegible] will pass over on this point, and that we shall be able to announce in our Second Edition this morning that the House has at length been organized.

The Louisville Messenger states, that a gang of counterfeiters has been arrested in Owen and Clay counties, Kentucky.

A character for veracity. One year ago the Age and all the organs of that kidney were filled with [illegible] over that Gen. Harrison was a weak, imbecile old man; that he was an old grub; that he was pensioned with a petticoat; that he was pusillanimous in his conduct towards Croghan; that he did not wish to pursue Proctor, but was goaded on to it by Shelby; that Col. Johnson commanded at the battle of the Thames, and that Harrison was a mile or two in the rear; that he was in favor of white slavery; that he was unpopular in Ohio that he got only 8000 votes for Governor; that he got drunk on cider, and used profane language; that he got in great passion, swore and cursed and threatened to flog a Mr Buchanan, who had abused him in the Legislature; besides a great many other accusations were brought against him—*every one of which are now known and admitted to be infamous calumnies.* Gen. Cass so pronounces them, now that the good old President is dead. And Gen. Cass knew him well. Gen Cass, too is the political opponent of Gen. Harrison: he was Gen. Jackson's Secretary of War, and Mr. Van Buren's minister to France, where he is now.

The same presses now lavish the same sort of caricatures upon the principal members of the new administration. What confidence can the people have in such presses and such partizans? *What reliance on their veracity?*

By scattering a small quantity of turnip seed among corn, at the last hoeing, the last of June or first of July, a considerable quantity of turnips may frequently be obtained with very little expence, and without injury to the corn. If the corn grows very rank, and completely shades the ground, the turnips will be small, until the corn is ripe, or the stalks cut, or the corn cut up then the turnips will grow, if the season be favorable.

CONSUMPTION AND LIVER COMPLAINT.

BALSOM OF LIVERWORT.

DR. TAYLOR'S BALSOM of LIVERWORT has been used successfully for eight years in the Cure of these Diseases. ☞ Remember! the original and genuine is made ONLY at 375 Bowery, New York, ALL others are spurious and unauthorized.

CONSUMPTION & LIVER COMPLAINT.

As a general remedy for these diseases, I am fully satisfied from long experience, there is no medicine equal to Dr. Taylor's Balsom of Liverwort. Being purely vegetable, it can be used with the utmost safety by all persons in every condition. It cleanses the lungs by expectoration, relieves difficult breathing, and heals the chest. There can be no question, but this medicine is a certain cure for chronic coughs and colds. I have used it for four years in my practice, and always with success. A. F. RODGERS, M. D.

☞ SPITTING OF BLOOD. This disease consists of a discharge of blood, often frothy, from the mouth, brought up with walking and coughing, and is usually accompanied with difficulty of breathing, and some pain in the chest. Sometimes it is preceded by an oppression at the chest, a dry tickling cough and slight shooting pains. This disease is always more or less dangerous. The great danger is that these symptoms may terminate in consumption, and immediate remedies can alone save this end. But Dr. Taylor's Balsom of Liverwort is a sure remedy, and to shew its unparalleled success, certificates of cures from 421 citizens, and many physicians, will be published in a few days.

☞ NERVOUS DISEASES AND WEAKNESS.—Dr. Taylor's Balsom of Liverwort made at 375 Bowery, is assuredly an excellent remedy for these diseases. My wife has been more or less ill for ten years. She was extremely nervous and at times so weak that she could not attend to her domestic duties. By the use of this medicine, her strength is wholly restored, and she is as healthy as I can wish her to be. My address is at Dr. Taylor's office.

CURE OF CONSUMPTION. Mrs Martin, a worthy member of my congregation, was taken ill some time since with a cold, pain in the breast and some difficulty of breathing, and in a few days thereafter she had a violent cough and violent pain in the sides, which no medicine would relieve. She continued in this way for a long time under the medical care of Dr. Parsons, finally became consumptive, and was evidently near the end of her earthly sufferings, when her brother persuaded her to try Dr. Taylor's Balsam of Liverwort. When she commenced this medicine it did not seem to agree with her for a few days, but by lessening the dose she found it answered admirably; it relieved her cough and her difficulty of breathing instantly, and we had the pleasure of witnessing her rapid recovery to health. Adams's Vennis Water.

THE true Remedy! the Sovereign Restorative!! the grand producer!!! The subscriber informs the public that after FOURTEEN YEARS of study—ten of which have been years of immense labor and difficulty, he has discovered the only true remedy against the loss, the sovereign restorative in case of a deficiency, and the grand producer of that most beautiful ornament of the human form divine, "THE HAIR!"

That it may be known that this Vennis Water is an invaluable article, I will state that in the first years of my labors upon it, its application to the head for two consecutive seasons, was necessary in order to establish a good growth of hair, but now only one season is required, so successful have been my improvements upon it! And I have the proud satisfaction of knowing that in the City of Bangor alone *two hundred and sixty six heads* which were once bald, can, by the heavy growth of hair upon them, bear witness to the wonderful effects which this Vennis Water has produced within eighteen months!

I will add a few, of the certificates almost innumerable, which have been given me by individuals who have derived benefit from this Water.

Mr. T. D. Adams. Having availed myself of the extraordinary benefits of your Vennis Water, I feel it my duty to the public, as well as to yourself, to submit for their perusal, a plain statement of the facts in my case. I had been entirely bald for seven years, and had lost my eye-brows, during which time I tried the remedies of three physicians without avail, benefit.

In reading over the advertisement of your celebrated Vennis Water, I concluded to try it, and now am the proprietor of a fine head of hair and a beautiful pair of eye-brows.

MISS ELIZA WASHINGTON.

Bangor, May 8, 1841.

This is to certify, that I have used Mr. Adams' Vennis Water for baldness of the head, and that it has restored me a good head of hair, where before using it the hair was entirely gone. I also have used other medicines which have started the hair, but it would come out again. But the Vennis Water has restored it so that it is as strong and stronger than before I first lost it. And to all those who are troubled with baldness, I would say be sure and call on Thomas D. Adams, and try it immediately, and you will have your hair growing again forthwith. ARTEMAS J. EGERY.

Bangor, May 14, 1841.

This may certify, that for the last six months I have used T. D. Adams' Vennis Water, and have the satisfaction to say that the top of my head, which for a long time was bald, is now entirely covered with a good growth of hair.

EDMUND HOLT.

Bangor, February 25, 1841.

I hereby certify that for the last two or three years my head has been bald, and that during that period, I have used a great number of applications recommended for their efficacy in restoring the hair, from which I have never received any benefit, some even having proved injurious, until the past summer, I made use of Thomas D. Adams' Vennis Water, which has entirely exceeded my expectations, and covered my head with a strong growth of hair. HANNAH PALMER.

Bangor, May 15, 1831.

This may certify that the hair upon the top of my head, being nearly gone and the remainder fast dropping off daily, I was induced by Mr. T. D. Adams, to try his Vennis Water, and during the last year he has made frequent applications of it to my head. I have now a considerable growth of new hair, produced, as I suppose, by the use of his remedy. E. HARRIS.

Bangor, Feb. 3, 1841.

This may certify that I called on Mr. T. D. Adams in May, 1836. I used his Vennis Water for three months and it has produced as much hair as I wish to have on my head.

Bangor, Sept. 1837. NANCY SMITH.

This may certify that my head was entirely bald, and by the use of T. D. Adams' Vennis Water for three months my hair has been restored.

Bangor, Feb. 15, 1841. CALEB B. HOLMES.

I have used Mr. Adams's Vennis Water, for the growth of the hair for about six months, and am happy to say that it has answered every purpose in producing a good head of hair, and prevent the hair from coming out by combing.

Bangor, Feb 8, 1841 MARY JONES.

This may certify that for the last six months I have used Adams' Vennis Water, and have the satisfaction to say that the top of my head which for a long time was bald is now entirely covered with a good growth of hair.

Bangor, Feb. 12, 1841. WM. FROST.

This may certify that for the last twenty years the top of my head had been bald, but now is well covered with a good growth of hair, I used the Vennis Water for four months.

Bangor, Feb. 15, 1841. E. R. WARREN.

This certifies that I have used a preparation made by Mr. Thos. D. Adams of this city, to restore hair to the head, after it had fallen off, and having derived much benefit from it, I would cheerfully recommend its use to others.

Bangor, Feb. 16, 1841. A. HOLTON.

Important Caution.

It is a singular fact and one much to be regretted that valuable medicines as soon as they become popular, and have received the test and approval of a discriminating public are sure to be counterfeited, and thus a bad and spurious article is immediately palmed upon the unsuspecting as the genuine—This has been notoriously the case with all popular and truly valuable medicines for years past and will probably continue to be the case for years to come

The base and contemptible counterfeiter in this way meanly takes advantage of all the efforts and the advertising used by the proprietors of the genuine article to get the medicines into use and deserved popularity It is therefore unless the duty man it contributes to the safety of every honest individual in the community, to expose trown down and forever after disrust all heartless ingrates who thus irresponsibly trifle with health and life

THEREFORE TAKE NOTICE.

There is a person by the name of J B ROCHEFORT, now engaged in selling a Pill Tone and Tin boxes in exact and perfect imitation of the genuine INDIAN VEGETABLE PILLS with the names on of only one word on the boxes viz WRIGHT The Pills sold by this Rochefort are evidently intended as a fraud and imposition upon the community or they would not have been done up in such exact imitation of the genuine This person is tall and blustering, with a great theatrical swagger—He was recently known as a very poor player in Baltimore, under the musical cognomen of Jim Brown and is about twenty two years of age Has most evinced a doubt that he is supplied with the Pills from a Druggist firm in this city who have been heretofore notoriously connected with counterfeit medicines As soon as proof is obtained the fountain head of this nefarious business will be exposed that the community may shun them as they would a serpent

IN THE MEAN TIME THE PUBLIC ARE CAUTIONED

against buying WRIGHT'S Indian Vegetable Pills of any one who does not exhibit a certificate of agency signed by the agent for the New England States and bearing date since January 1840 Also take particular notice that the following wording is on the Boxes

WRIGHT'S *Indian Vegetable Pills*—(Indian Purgative) of the North American College of Health

THE INDIAN VEGETABLE PILLS are a sure cure for disease in its every variety of form because they thoroughly cleanse the stomach and bowels induce a proper discharge by the lungs skin and kidneys and stimulate the blood to purify itself In other words they open all the natural outlets and leave NATURE (THE GRAND PHYSICIAN) free to drive disease from the body The above outlets or drains are the common sewers of the body through which all morbid and corrupt humors (the cause of disease) are carried off and so long as they are all kept open and discharge freely their allotted portions of impurity the body will continue in health but when from eating improper food breathing impure air sudden transitions from heat to cold over exaustion, or any other cause the bowels become costive, the pores of the skin become closed or the kidneys fail to perform their functions properly, the impurities which should be drained from the body by those outlets will be retained, and continue to accumulate until the body becomes literally loaded with disease

The aloes pill may be taken at all times and under all circumstances with perfect safety They suit all complaints and all ages and are as natural to the human constitution as food consequently they can never injure even the most delicate Like our food they are digestible, therefore they enter into the circulation, and impart an energy to the blood which enables it to flow with freedom quite to the extremities, and consequently to keep the pores of the skin open They are true and perfect purgatives of the blood, because they drain all corrupt humors from the entire living fluid They impart strength and vigor to the whole system, and their effects are always beneficial, because they only remove those humors which are opposed to health They aid and improve digestion and sound sleep follows their use, because they cleanse the stomach and bowels of their slimy humors which not only irritate and excite the nervous system but paralyze and weaken the digestive organs In short they possess all the good properties that can be claimed for any medicine, and what is very remarkable it is utterly impossible to use them without benefit

[ENTIRELY VEGETABLE]

A New and Invaluable Medicine for all Diseases arising from Impurities of the Blood, Morbid Secretions of the Liver and Stomach, also a

substitute for Calomel;

as a Cathartic in Fevers and all Bilious Affections

THIS popular Pill being a combination of a newly discovered Alkaline substance extracted from the TOMATO PLANT with other vegetable substances which have been found to modify and diffuse its effects are believed to be the best Alterative and Cathartic Medicine ever discovered They have been abundantly and successfully tried, and have received universal approbation for Scrofula Dyspepsia Jaundice Bilious Diseases Gravel Rheumatism Coughs Colds Influenza Catarrh Nervous Diseases Acid Stomachs Glandular Swellings of all kinds, Costiveness, Cholic, Headache, &c.

They are an antidote to Contagious and Epidemic diseases, prevent the formation of Bilious and Liver affections Fever and Ague, &c. in those who reside in the climates and low and marshy countries and are the best Cathartic that can be used for those in health. Seamen will find them an infallible remedy for the Scurvy; and Travellers the best medicine they can use to counteract the dangers of exposure in unhealthy climates For ordinary Family Physic they are universally approved as the best ever offered

These Pills have a powerful and salutary operation upon the Glandular System removing all obstructions from the Gland wherever situated Scirrhosities and Scrofulous Paints in all their forms and persevered in no case of Scrofula however severe can resist the influence of the Mercurial operation on the Glandular System that their effects are so peculiar and potent and so nearly resemble that of Calomel In fact the Tomatoe has all the Alterative Deobstruent and Cathartic properties of Calomel without ever producing unpleasant or injurious effects under any circumstances, either from exposure to cold or wet on the contrary the Compound Tomato Pills are the best remedy ever known to counteract the effects of Mercury, completely eradicating every particle of it from the system and renovating the constitution broken down by its use, which it does by correcting the state of the blood and through that correcting the morbid secretions of the glands and restoring them to a healthy and healthy action Its effects are analogous to Sarsaparilla and Blood Root and in its combined action in the ingredients composing the Pills, it exerts a universal action peculiar to itself

The peculiar virtues of the Tomato Plant, have for a long time attracted the attention of the Medical profession and the public and a lively interest has recently been directed to the future developement of its active powers and its Antibilious and Alterative qualities, which the Proprietor is now happy in being able to gratifying presents his Pills to the Public with the full confidence of their being the most safe and valuable remedy ever discovered adapted to all cases where nature is disturbed and when any of the functions do not perform their natural or healthy action

Numerous certificates of cures from those who have taken them and the testimony of several Physicians who have prescribed them, all concur to corroborate this opinion The rapidly increasing demand for and the universal approbation bestowed upon them is an additional evidence of their merit and usefulness

In presenting this article to the public, the Proprietor is induced by the hope that a medicine prepared with much care and strict regard to the Chemical and therapeutic properties of its several ingredients should be the choice of thousands and the pressure of the present day with which the country is deluged and from the fatal results bestowed upon it by physicians and others he feels justified in expecting this result

Often have the cures performed by this medicine been the subject of editorial comment in various newspapers and journals, and it may with truth be asserted that no medicine of the kind has ever received testimonials of greater commendation than are attached to this

Females from forty to fifty years of age will find them a powerful assistant to nature in the important change in their actions of the system removing all liabilities to Cancers Glandular swellings &c and assisting to establish that new action in the animal economy which nature often fails to do None should avoid a free and continued use of them if they wish to escape a long train of incurable maladies. For this purpose one should be taken every night and morning as long as any unpleasant symptoms remain

For that congested and deranged state of the system which occurs in the commencement of Spring and Summer these Pills are particularly applicable in preventing Rheumatism Coughs congestion of the lungs &c, and have prolonged many a life that otherwise would have been a sacrifice to the changes of the season

Those persons liable to sore throats, swelling of the glands coughs, and other symptoms indicating Scrofula or Consumption, should take warning in season and embrace a remedy which while it is searching out and eradicating disease makes no deductions from the vital powers of the system

As a Dietetic or Dinner Pill one taken half an hour after dinner will sufficiently stimulate the digestive powers of the stomach to a healthy and invigorated action and they are found extremely serviceable for those who indulge in long dinners, or late suppers, or immoderately in desserts or fruit

From the Patriot & Democrat

PILLS Unlike the numerous speculations of the day, there is one medicine which deserves the popularity and patronage it is receiving. We allude to Dr Phelps' Compound Tomato Pills Judging from the patronage they are receiving from the Medical Faculty and the approbation of those who have used them, we should expect they would supercede all others in use as a family medicine Being introduced by a respectable and practical member of the Medical profession whose character in this vicinity is a sufficient guarantee for the character of his medicine, we are enabled thus confidently to speak of it, and fully believe it is entitled to the confidence of the community.

COMPOUND TOMATO PILLS

[illegible] brought into [illegible] use a most invaluable medicine in the Pill form, the chief component of which is derived from that healthy and pleasant vegetable, the Tomato As this plant is known to possess medicinal virtues of a high order as well as a large amount of nutriment in the medicine into which it is compounded, is known to be powerfully available as a separate remedy in morbid secretions of the Liver and Stomach, impurities of the blood, and diseases of a bilious type generally. It is an excellent substitute for calomel, as an anti bilious and cathartic medicine without its injurious properties, and has been found extremely efficacious in the cure of a long catalogue of diseases Having adventured upon the use of this medicine ourselves, we cordially recommend it to others.

HAIR! HAIR!

A BEAUTIFUL HEAD OF HAIR is the grandest ornament belonging to the human frame How strangely the loss of it changes the countenance, and prematurely brings on the appearance of old age, which causes many to recollect lost loved ones, and sometimes even shun society to avoid the pity and regrets of their acquaintance the remainder of their lives is consequently spent in retirement. In short not even the loss of property fills the generous thinking youth with that heavy sinking gloom so does the loss of his hair To avert all these unpleasant circumstances, OLDRIDGE'S BALM OF COLUMBIA stops the hair from falling off on the first application and a few bottles restores it again. It likewise produces eyebrows and whiskers, prevents the hair from turning gray makes it curl beautifully, and frees it from scurf Numerous certificates of the first respectability in support of the virtues of Oldridge's Balm are shown by the proprietors
